## For a healthy and elegant posture

The P!NTO cushion provides good seating and optimal alignment of the spine and muscles.

P!NTO helps women look great by making their bust look longer. The body takes a good postural habit and adopts a graceful posture.

Designed in Japan, Production in Japan and Italy, Distribution of Italy.

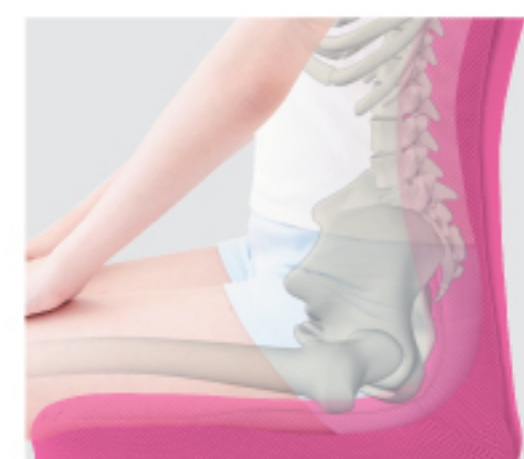

Rib support

Support for buttocks

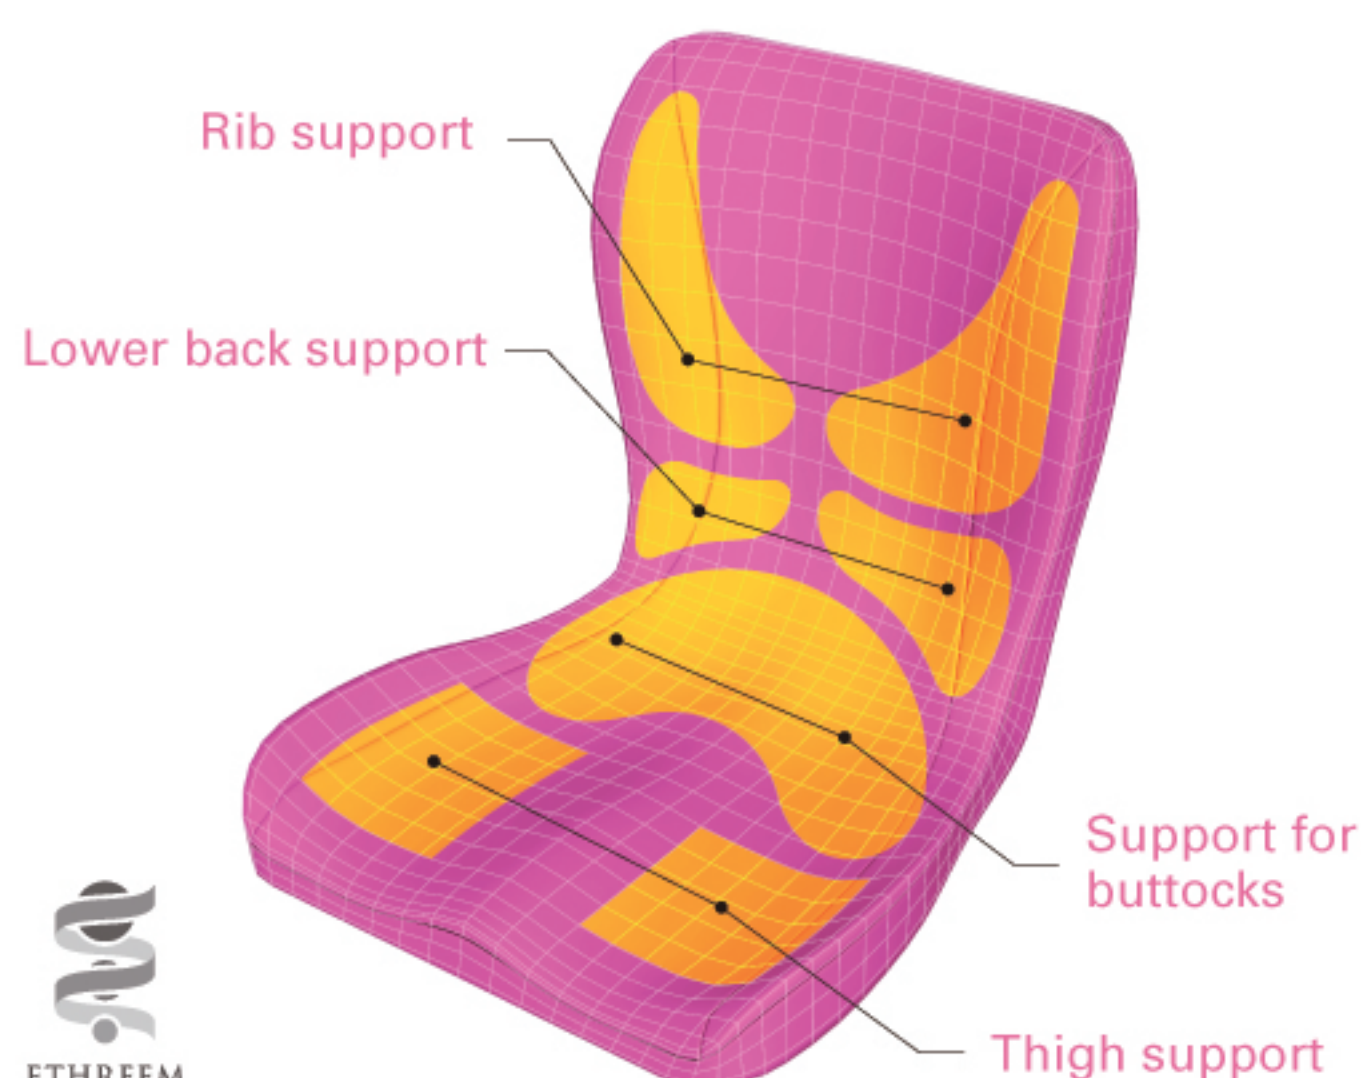

Lower back support

Thigh support

## 4 ideal integrated supports

Once seated on P!NTO, you will feel that this cushion fits your body. P!NTO is not a postural recovery tool, it is a cushion that promotes a posture to move lightly and always go back to a correct alignment. P!NTO supports not only the pelvis, which tends to lean back, but also the buttocks muscles. It offers an optimal alignment of the vertebral column and keeps the ribs in high position. Allows you to sit with upright torso and chest, easing movement and breathing.

P!NTO offers good postural habits, natural and balanced comfort. It can be used on a chair with a backrest. At work, in the dining room, on the sofa, on the train.

## Comparison of the zones of tension according to the posture

### Technical characteristics:

Cushion : high resilience (HR) polyurethane foam

Cover : 100% polyester

Size, Weight : width 40cm x height 40cm x depth 40cm, 960g

Resistance: tested according to the JIS standard (Japanese Industrial Standard), thickness loss of only 4% after 80000 compressions

Maintenance: Cover can be removed and machine washed inside a protection net. The inner cushion does not require special maintenance.

Portable: a light and foldable polyurethane cushion can be transported easily

Use: thanks to the anti slip finish of the bottom side the cushion stays firm even when you move
